

# **ALEX SUNYER SAINZ**

FRONT END DEVELOPER

I am a proactive and motivated person and passionate about web technologies. I have a clear vocation for interface or frontend web design and I consider myself a professional and perfectionist person. I can provide additional value having studied 3D and visual arts in the past.

Right now I am looking for a full-time or part-time job as a frontend developer and opportunities to grow and learn in the sector.
